Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to complete the final results of an administrative review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to a maximum of 180 days after the date on which the preliminary results are published.

We determine that it is not practicable to complete the final results of this review within the original time limit because of the complexity of issues involving the analysis of surrogate value data on the record and because of the additional extensions we have granted, at the request of various parties, to review and submit post-preliminary surrogate value data, case briefs and rebuttal comments. Therefore, we are extending the time period for issuing the final results of this review by 40 days until May 14, 2012.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).
